

COMPOUNDING AND WELLNESS

Medications CUSTOMIZED *for* YOU

We are a full-service
compounding pharmacy, specializing in:

- BHRT
- Pediatrics
- Custom Thyroid Dosages
- Dermatology
- ENT
- Veterinary
- Low Dose Naltrexone
- Pain Management

Compounded medications are customized for your
unique needs and are ideal when:

- You have an allergy to a component of a commercial medication, or are avoiding dyes or preservatives
- You can't swallow a pill and prefer a liquid, lozenge, or rapid-dissolve tablet
- A commercial medication is not available or is on backorder
- You need a non-commercial strength and would rather not measure doses or cut pills
- A certain flavor or dosage form will encourage complying with your medication as prescribed

Whatever your needs, the possibilities with
compounding are practically endless.

**Call us to talk about options that you can
discuss with your practitioner.**

**Licensed Throughout
New England**
